## Re: Redevelopment Land Parcel 1700-1780 Ridge Road Homewood, Cook County, Illinois

Dear Ms. Peterman:

We are pleased to submit this appraisal report. As directed, Sargeant Realty Advisors, Inc. conducted an appraisal of the above referenced property, presented in a summary format.

At your direction, an inspection of the subject property was conducted on January 2, 2016. The subject site is a rectangular-shaped interior parcel of land located along the north side of Ridge Road, four blocks east of Dixie Highway in the Village of Homewood, Cook County, Illinois. Per tax parcel maps, the site features approximately 310.00 feet of frontage along the north side of Ridge Road and a maximum depth of 198.40 feet. According to the Cook County Assessor, the total gross site area is approximately 61,379 square feet or 1.41 acres. The subject site is zoned B-1 (CBD) Central Business District and within the Downtown Overlay District by the Village of Homewood.

No access to the subject property was made available to the appraisers. This assignment is based on an exterior property inspection only, viewing those areas of the property visible from the exterior. All information regarding the subject was obtained from public records and an exterior inspection. On the date of inspection, the site was improved with two commercial buildings, one mixed-use retail-residential building and a paved parking lot. The buildings were constructed between 1928 and 1953 and are vacant and reportedly exhibit levels of deferred maintenance. It is the intention of current ownership to raze the structures and hold the property site for future development.

The overwhelming value of the property is in the land and not the improvements. There is a larger buyer pool for the subject as a 1.41 acre commercially zoned parcel of land than as older outdated commercial buildings. Given this fact, we have determined the current improvements to have no contributory value. The highest and best use of the subject is for commercial re-development when financially feasible.

The purpose of this appraisal is to estimate the As Is Market Value of the fee simple estate in the subject property, as of January 2, 2016, the date of inspection. The intended use of this appraisal is for the sole use of Wintrust Financial Corporation and Barrington Bank and Trust, its affiliates and loan participants for purposes of loan underwriting, asset management or asset disposition. The market value estimate reported herein is based on the definition of Market Value as set forth by the Office of the Comptroller of the Currency. No other parties are authorized to rely upon this report without the express written consent of Sargeant Realty Advisors, Inc.

## EFFECTIVE DATES

Maureen Plebanek inspected the property on January 2, 2016. The effective As Is Market Value date is January 2, 2016. George W. Sargeant, MAI did not inspect the subject property.

### SCOPE OF ENGAGEMENT

The engagement consists of conducting an appraisal in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP), documented in a summary report format. This appraisal report is also intended to be in compliance with the Appraisal Standards for Federally Related Transactions as specified in the Financial Institutions Reform, Recovery, and Enforcement Act of 1989. In performing this appraisal, all three traditional approaches to value were considered. These approaches consist of the Cost Approach, Sales Comparison Approach, and Income Capitalization Approach.

<sup>&</sup>lt;sup>1</sup> The Dictionary of Real Estate Appraisal, Fifth Edition (Chicago: Appraisal Institute, 2010)

<sup>&</sup>lt;sup>2</sup> The Dictionary of Real Estate Appraisal, Fifth Edition (Chicago: Appraisal Institute, 2010)

<sup>&</sup>lt;sup>3</sup> The Dictionary of Real Estate Appraisal, Fifth Edition (Chicago: Appraisal Institute, 2010)

The following steps summarize the scope of this engagement:

- Property information was reviewed and a physical inspection conducted to determine the appraisal problem. On January 2, 2016, Maureen Plebanek inspected the exterior of the subject property. The neighborhood and surrounding areas were toured to identify development trends in the immediate area as well as potentially comparable sales.
- Public records, assessor's files, and planning and zoning information were researched to reveal relevant information concerning the subject property as well as any potentially comparable property.
- Our internal files were reviewed and appropriate market surveys, industry databases, and investor surveys were researched for the purpose of developing a perspective of the competitive market.
- Market participants were contacted to obtain relevant information concerning market conditions, current perceptions and expectations, as well as relevant land and building sales data.
- A valuation of the subject property was performed utilizing the property information obtained from the client and our inspection, as well as the data obtained through the course of our research.
- The result of our effort is presented in this summary appraisal report, which identifies the subject property and its environment, presents our Highest and Best Use conclusions, as well as summaries of the relevant approaches to value relied upon in this engagement. The report concludes with our final reconciliation of value.

## SUBJECT PROPERTY SALE HISTORY

Standards Rule 1-5 of USPAP requires all pending sales involving the subject be identified and analyzed, as well as any sale that occurred within three years of the valuation date. To the best of our knowledge, research and cooperation with property representatives we are aware of the following:

- It is the intention of current ownership to raze the structures currently on the subject parcel and hold the property site for future development. On the date of inspection, the site was improved with two commercial buildings, one mixed-use retail-residential building and a paved parking lot. The property representative reports the buildings are vacant and current ownership is currently in the process of taking bids for the demolition of the buildings.
- The subject was listed for sale through Co-Star (ID 6621188) beginning in September 2014. The asking price was \$750,000 and the listing identified the subject site as being 2.0 acres. The property representative reports this is an old listing and the property is currently not on the market.

#### MARKETING PERIOD

The estimate of market value is predicated upon a reasonable time allowed for exposure in the open market. Unlike publicly traded securities such as REIT shares, ownership interests in specific real properties are not as liquid. We have considered the marketing period of the subject property in terms of the scope of this engagement, which involves the valuation of the subject as vacant land.

On an "as is" basis the property would be attractive as a speculative investment or commercial developer. Due to its size and capital requirement; the subject property would appeal to a local developer in the market. Assuming the property would be professionally marketed at a price similar to the estimate of As Is Market Value presented in this report, we estimate a marketing period of 12 months.

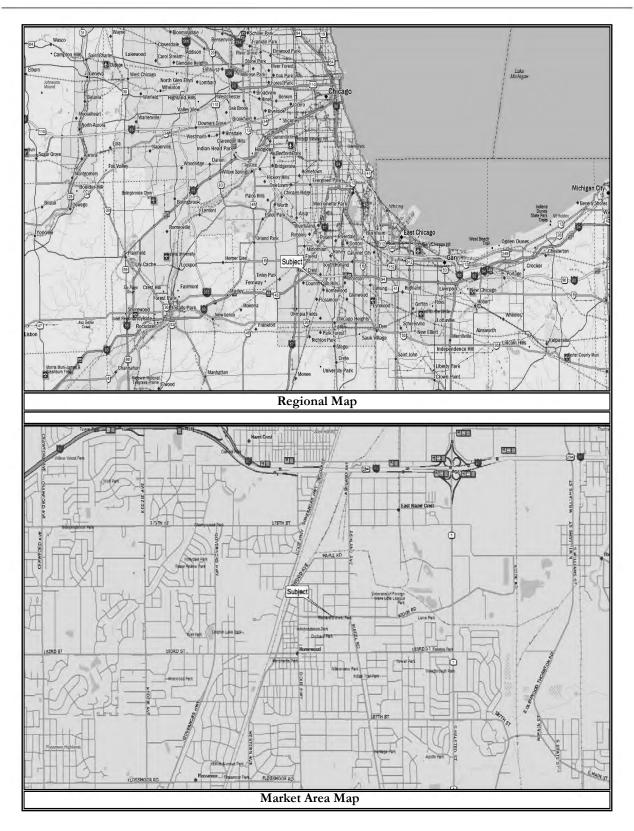

#### EXPOSURE TIME

Exposure Time is defined by the Uniform Standards of Professional Appraisal Practice (USPAP) as the "estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal."

While the estimate of marketing period is prospective in nature, the concept of exposure time is retrospective. That is exposure time addresses the question of how long might it have taken to market the property, if it were to close today. Market conditions have stabilized over the past 24-36 months following a period of deterioration as a result of economic recovery. We have therefore concluded that the exposure time for the subject on an as is basis should be similar to our estimated marketing period on an as is basis, or approximately 12 months.

#### GENERAL AREA OVERVIEW

The subject property is located in northeastern Illinois, which is the historic dividing point between America's East and West. Chicago was incorporated as a city in 1837, near a portage between the Great Lakes and the Mississippi River watershed, and experienced rapid growth in the mid-nineteenth century. Today, the city is an international hub for finance, commerce, industry, technology, telecommunications, and transportation, with O'Hare International Airport being the busiest airport in the world; it also has the largest number of U.S. highways and railroad freight. In 2012, Chicago was listed as an alpha global city by the Globalization and World Cities Research Network, and ranks seventh in the world in the 2014 Global Cities Index. As of 2014, Chicago had the third largest gross metropolitan product in the United States at \$610.5 billion. As of 2015, Chicago is the 7th most expensive city and has the 10th highest wages in the world according to a report released by global financial services company UBS.

The City of Chicago represents the economic and cultural capital of the Midwest region. Chicago's suburbs, by themselves, would represent the nation's fourth largest population center. Nearby major metropolitan areas includes Milwaukee, Wisconsin (90 miles north), Indianapolis, Indiana (185 miles southeast) and Detroit, Michigan (279 miles east).

The Chicago-Naperville-Joliet, IL-IN-WI MSA is broken down into three Metropolitan Divisions, with one division comprised of the four Indiana counties.

The geographic area that is most influenced by and most contributes to the central City of Chicago has historically consisted of six primary counties in Illinois: Cook, DuPage, Kane, Lake,

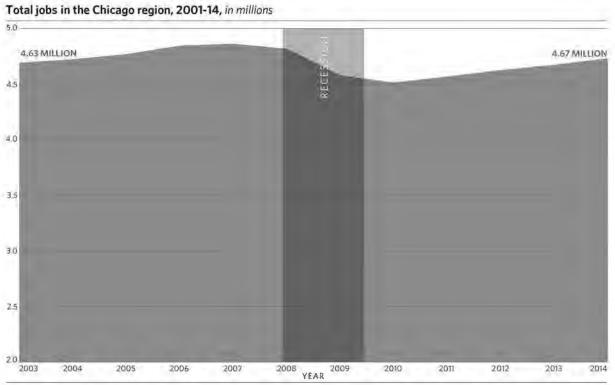

McHenry and Will. Although the outlying counties of Grundy, Kendall and DeKalb are part of the larger metropolitan area, this analysis concentrates on the six primary counties.

The Census 2010 population of the metro area was 9,461,105 (3rd largest in the U.S.) compared 9,537,289 (3rd largest in the U.S.) based on the 2013 estimate.

There are currently an estimated 4.7 million full- and part-time jobs in the region. This total is less than the region's pre-recession jobs peak of 4.8 million in 2007; however, 2014 was the fourth straight year for which the region's total job count has grown. The number of jobs in the Chicago region has closely mirrored national economic trends. Total jobs decreased slightly during the early 2000s recession then experienced moderate growth until 2007 when the region was home to an estimated 4.8 million positions. The most recent recession resulted in a loss of roughly 340,000 jobs in the region with total jobs bottoming out in 2010. The total number of jobs in the region has rebounded since then but has yet to reach pre-recession levels.

While the number of jobs in the region is increasing, the available data do not indicate the quality or average pay of jobs created. Total job counts may increase from newly created part-time, low-wage jobs or the creation of good-paying full-time jobs. Measuring total jobs provides a high-level perspective on the health of employment in the region.

Note: For this chart, the Chicago region is defined as the U.S. Census Bureau metropolitan statistical area of Chicago-Joliet-Naperville, IL-IN-WI. Source: Economic Modeling Specialists International.

Leading economic sectors include financial services, electrical machinery and equipment, insurance, pharmaceuticals, and retailing. The Chicago metropolitan area is home to the corporate

headquarters of 57 Fortune 1000 companies, which includes Boeing, McDonald's, Motorola, Discover Financial Services, United Continental Holdings, Walgreens, and Aon among others, representing a diverse group of industries. The area is a major global financial center, and Chicago is home to the largest futures exchange in the world, the CME Group (Chicago Mercantile Exchange). In August 2008, the Chicago Mercantile Exchange completed its acquisition of NYMEX Holdings Inc, the parent company of the New York Mercantile Exchange and Commodity Exchange.

## POPULATION

The population of the Chicago metropolitan area is the third largest in the nation, behind New York and greater Los Angeles. It represents over three percent of the national population and nearly two-thirds of the state of Illinois population. CMAP data below are provided for the City of Chicago, for Suburban Cook County, for the counties of Cook, DuPage, Kane, Kendall, Lake, McHenry and Will and seven-county total. Cook County remains the population leader in the region accounting for 64 percent of total households, 59 percent of family households, and 72 percent of non-family households in the region.

Between 1990 and 2000, the population of the six-county region increased 11.44 percent. From 2000 to 2010 population in the region increased 2.77 percent, despite a 3.39 percent decrease in Cook County. As of the 2014 estimate, population in the region increased 1.05 percent, despite a 0.48 percent decrease in McHenry County. According to CMAP forecasts, population in the six-county region can be expected to increase 24.15 percent from 2014 to 2040 which represents a 2,029,745 person increase. Cook County is expected to exhibit the greatest increase in population with an addition of 714,000 persons followed by Will County and Kane County. Percentage-wise Will, McHenry, and Kane counties top the list; however, these represent the counties with fewer residents so the magnitude of change is greater.

The Chicago Metropolitan Agency for Planning 2040 Forecast of Population, Households and Employment was developed in support of the GO TO 2040 comprehensive regional plan adopted in October 2010. This forecast was developed through the creation of a "reference scenario" based on current population and land use trends. The data in this forecast reflect the CMAP Preferred Regional Scenario, which was developed in part through a series of Invent the Future workshops held throughout the region between May and September 2009. The table below summarizes the expected outcomes of the GO TO 2040 Preferred Scenario in comparison to current (revised October 2014) conditions.

#### HOUSING STARTS

A leading indicator of Chicago's overall population and economic growth is in its new home starts. The following chart was created by the U.S. Census Bureau and illustrates the top 20 Core-Based Statistical Areas in the nation based on new privately-owned housing units authorized in 2014. Based on housing permits issued during 2014, the Chicago area ranked 13<sup>th</sup> in the U.S. in the number of single-family housing permits issued. This represents a decline from 2010 when Chicago ranked 10<sup>th</sup> in the study. Despite the decline in ranking total housing starts in Chicago more than doubled from 7,267 units in 2010 to 15,679 units in 2014.

The graph below illustrates total and single unit housing starts nationally since 1968. The graph portrays the huge collapse following the housing bubble, and after remaining flat for 2.5 years housing is now recovering--albeit at historically low levels.

#### TRANSPORTATION

Chicago is one of the primary transportation hubs in the United States. Its extensive transportation facilities give local firms access to national and international markets and suppliers, as well as provide travelers with convenient traveling alternatives.

The Chicago area is served by O'Hare International Airport and Midway Airport. O'Hare International Airport was the world's busiest airport in 2014, beating out Hartsfield-Jackson Atlanta International Airport, according to the Federal Aviation Authority. The Atlanta airport took the top spot from O'Hare in 2005. Though O'Hare had more than 881,000 departures and arrivals last year, that number is down from an average of 963,000 from 2004 to 2007. Recent rankings of O'Hare and Midway Airports based on flight operations are shown below.

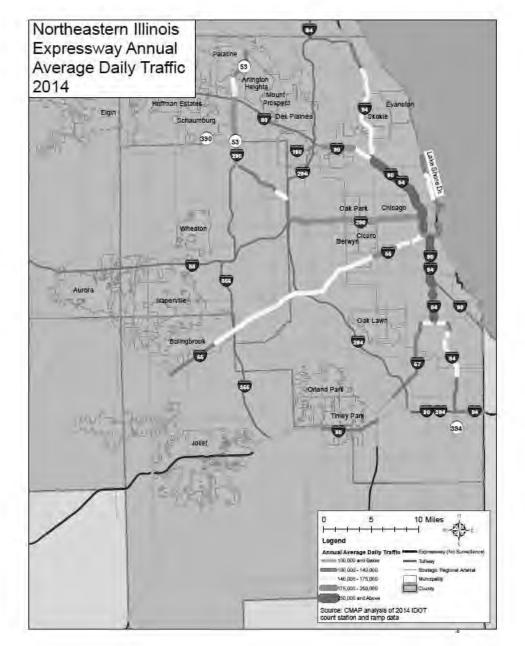

Rank	Airport	Total flight operations in 2014	Change from 2013	Rank in 2013
1	ORD: O'Hare International Airport	881.933	-0.2%	2
2	ATL: Hartsfield-Jackson Atlanta International Airport	868.359	-4.7%	1
3	DFW: Dallas/Fort Worth International Airport	679.820	+0.3%	3
4	LAX: Los Angeles International Airport	363,706	+3.5%	4
5	DEN: Denver International Airport	575,161	-2%	5
26	MDW: Midway International Airport	249.252	-1.1%	27

Although O'Hare International Airport retook the crown for the world's busiest airport last year, it fell a couple of ranking spots based on the number of passengers that fly in and out, according to data from Airports Council International. Counting passenger and cargo flights, Chicago in 2014 regained the top spot from Hartsfield-Jackson Atlanta International Airport after losing the title a decade ago. However, data show Atlanta remains the top airport when counting only passengers. For passenger traffic, Atlanta was followed by airports in Beijing, London, Tokyo, Los Angeles and Dubai, United Arab Emirates, with Chicago seventh, according to the council. Chicago in 2013 was ranked fifth. Though passenger traffic at O'Hare grew 4.6 percent in 2014, it grew about 6 percent at Los Angeles and Dubai, allowing the big airports in those cities to pass O'Hare. All three airports last year hosted about the same number of passengers. Chicago had 70 million, Dubai 70.5 million and Los Angeles 70.7 million. Atlanta was far ahead with 96.2 million passengers.

The Chicago area is also a leader in the rail and trucking industry aided by a thorough rail network and excellent highway accessibility. Illinois is the center of the nation's rail network and Chicago is the largest rail gateway in the U.S. Chicago also lies at the heart of the interstate highway system with two coast-to-coast interstates (I-80 and I-90) passing through the area, as well as two major north-south interstates (I-55 and I-57) which are further complimented by a network of bypass and regional interstate highways (I-39, I-88, I-94, I-290, I-294, and I-355).

Average daily traffic flow on the interstate highway system in Chicago is illustrated on the following map.

Further, Chicago serves as an important inland port, with accessibility to the Gulf of Mexico via the Mississippi River, and the Atlantic Ocean via the Great Lakes and the St. Lawrence Seaway. The Port of Chicago offers terminals that handle ocean and lake vessels, as well as barges. Owned by the Illinois Port District, the Lake Michigan port is served by seven railroads and has direct interstate access to I-90 and I-94.

Chicago's network of roads and railroads, and its location at the confluence of major waterways have made it a major cargo and passenger hub since the days of shipping cattle and grain to eastern US markets. Today Chicago remains the largest cargo transfer point in the US. In 2000 the Chicago region handled approximately 11 million Twenty Foot Equivalent units (TEUs). Such volume places Chicago third globally behind Hong Kong and Singapore. The Chicago region is also the largest volume handler in North America as of 2000—with a volume greater than Los Angeles and Long Beach combined.

Within the Chicago market several new intermodal facilities have emerged in past decade. The newly developed intermodal yards are generally situated on the periphery of the suburban areas of Chicago where abundant land is relatively inexpensive. Elwood and Rochelle, Illinois each contain an intermodal facility developed by Centerpoint Properties and served by BNSF with trade originating from the west coast. Presently plans are underway to introduce an intermodal facility which caters to the East Coast ports. Furthermore, in 2009 the Canadian National Railway acquired an existing rail corridor that runs along the periphery of the metropolitan area to further improve freight logistics within the region.

The Regional Transportation Authority (RTA) provides the commuter transportation system in the Chicago metropolitan area and is comprised of the Chicago Transit Authority (CTA), Metra commuter rail, Pace suburban bus and ADA Paratransit. The RTA system is the second largest in North America measured by unlinked passenger trips, with more than two million rides per day. The RTA has an annual operating budget of \$33.7 million and combined assets valued at over \$35 billion, which include 4,800 bus and rail cars plus 600 vanpool vehicles. The system covers 7,200 route miles in the six-county region.

The CTA is the second largest transit system in the United States and the fourth largest in North America. The CTA provides public transportation through buses, elevated trains and subway lines that run throughout the Chicago city limits and 40 surrounding suburbs. Pace's suburban bus and paratransit service area encompasses 3,446 square miles divided among the six counties and incorporates 284 municipalities. Geographically, the Metra rail system is the largest in the nation, extending 495 miles to the limits of the six-county area and serving 240 stations in more than 100 communities on 11 separate lines. A map of the Metra system is exhibited below.

Metra provided nearly 83.4 million passenger trips in 2014, which is 0.8 percent higher than the budgeted forecast of 82.7 million passenger trips. When compared to 2013, ridership increased 1.3

percent. The 83.4 million passenger trips reported in 2014 is the second highest ridership in Metra's 30-year history. Since beginning with a low of 56.5 million passenger trips in 1983 on the services that would become Metra in 1984, Metra ridership has increased by 48 percent, averaging 1.5 percent growth per year.

#### ECONOMIC BASE

The Chicago metropolitan area has a large and well-diversified economic base that has allowed Chicago to remain a strong economic center in the nation. Due to its economic diversification, the Chicago metropolitan area tends to be subject to fewer seasonal and cyclical peaks and valleys than many "one-industry" areas. The Illinois Department of Employment Security (IDES) reports employment by industry for the Illinois counties in the Chicago Metropolitan Division, as summarized in the table below. As previously mentioned, there are eight Illinois counties currently included in this Division: Cook, DuPage, Kane, McHenry, Will, Grundy, Kendall and DeKalb.

The exhibit illustrates Information, Financial Activities and Professional Business Services industry as the largest in terms of employment, followed by Trade, Transportation and Utilities. The high proportion of employment in the IFP sector can be attributed to the technology field and the internet and e-commerce start-up companies. These trends are generally evident throughout the nation and can be attributed, at least in part, to the increasing education and skill level of the labor force. Of significance is the decreasing trend in the manufacturing industry. Although manufacturing was at one time a significant component of the local economy, it has declined in recent years despite increases in all non-government sectors.

Since the recession, total employment for the Chicago area has displayed an increasing trend, adding 207,000 jobs from 2010 through 2004, indicating an average annual growth rate of approximately 1.5 percent.

A diversified labor pool of skilled workers helps to maintain a relatively strong level of employment in the Chicago area. However, as in most other major metropolitan areas, Chicago's central county of Cook has historically reported higher levels of unemployment than the outlying suburban areas. Unemployment rates by county are summarized below.

As shown above, the Illinois and Chicago metropolitan area unemployment rates began trending upwards in 2007 to historical highs in 2010. Similarly, the national unemployment rate rose to 9.6 percent, up from 9.3 percent in 2010. The 2009 levels represented the largest calendar year increase which is attributable to the economic recession. Nearly 2.6 million jobs were lost during 2008, which represented the highest yearly total since 1945, according to CNN. The employment picture has since improved as recovery from the last recession continues to occur.

According to seasonally adjusted figures through 2014, the Chicago MSA exhibited a declining trend in unemployment levels, which is consistent with state and National trends; however, Chicago and Illinois has started to trend at a rate above the national unemployment rate. The 2014 national

unemployment rate was 90 basis points (bp) lower than the rate exhibited for the Chicago MSA and the state of Illinois.

28

Most recently Illinois' unemployment rate dropped to 5.8 percent in July 2015 as the state added 1,900 non-farm jobs, but its job growth continues to lag other states. Officials estimate Illinois' recovery is nearly 2 1/2 years behind the nations. The July 2015 unemployment rate is an improvement from the 6.7 percent in July 2014 and from the 5.9 percent reported in June, though still above the national rate of 5.3 percent, according to data released by the Illinois Department of Employment Security.

Illinois has gained only a quarter of the job growth seen by the rest of the country since the beginning of the year. Illinois counted 373,600 people as unemployed, defined as being out of work and seeking employment. People who exhaust or are ineligible for benefits are still reflected in the number if they actively seek work, but those who have given up are not. The industries posting the greatest job gains in July were government, leisure and hospitality and construction, while those with the largest declines were professional and business services, education and health services, and manufacturing.

Historically, the Chicago area has realized stability of the overall unemployment rates in the area due, in part, to the 27 Fortune 500 corporate headquarters that are present in the Chicago area. The large presence of such firms is indicative of the strength of the local support network and generally positive business climate. The Chicago area's largest employers are as follows.

CHICAGO AREA'S LARGEST EMPLOYERS

In addition to being the center of commerce in the Midwest, Chicago is also a world leader in the trading of commodities, stock options, and currency and interest rate futures. The city has several major exchanges, which are the Chicago Board of Trade, the Chicago Mercantile Exchange, the Chicago Board Options Exchange, the Mid-America Commodity Exchange and the Chicago

Stock Exchange. Also adding strength to the financial market is the Federal Reserve Bank and the region's domestic and foreign banks. Chicago's financial services and products are exported nationally and internationally. Therefore, the area's financial infrastructure is not wholly dependent upon activity in Chicago.

#### FUTURE OUTLOOK

The Economist conducted a study to determine the top 25 global cities in 2025. Entitled Hot Spots 2025: Benchmarking the Future Competitiveness of Cities. The Economist Intelligence Unit defines a city's competitiveness as its ability to attract capital, businesses, talent and visitors. The 2025 City Competitiveness Index benchmarks the competitiveness of 120 cities across the world. The study examined 32 indicators for each city. Indicators are grouped into eight distinct, thematic categories: economic strength, physical capital, financial maturity, institutional character, human capital, global appeal, social and cultural character, and environment and natural hazards. The Index includes a total of 27 qualitative and five quantitative indicators. A city's overall ranking in the benchmark Index is a weighted score of the individual categories. The top ten global cities and their scores are summarized below.

Rank 2025	Change from 2012	City	Score/100	Change from 2012
1	+1	New York	75.7	+7.1
2	+4	London	73.1	+5.3
3	-2	Singapore	71.2	+0.6
4	-1	Hong Kong	68.1	+0.1
5	-2	Tokyo	68.0	-0.1
6	+2	Sydney	67.3	+4.5
7	-2	Paris	67.0	-0.9
8	+5	Stockholm	65.7	+5.7
9	+3	Chicago	65.6	+4.6
10	-	Toronto	64.7	+2.6

Chicago ranks ninth in the overall Index and is America's second most competitive city after New York. As America's second most important financial hub, Chicago ranks 20th in the category of financial maturity. It ranks above any other US city on its environmental governance and ability of dealing with environmental challenges. The city's economy is projected to grow by an average of 3 percent per year, roughly on par with San Francisco and Washington DC. The city has a long history of attracting immigrants and ranks 15th globally on social and cultural character. Other components that underpin its competitiveness are projected improvements in government effectiveness, the quality of healthcare, and airline flight connectivity, the study noted.

#### HIGHEST AND BEST USE

The market value of real estate is based on a property's Highest and Best Use. The concept of *Highest and Best Use* is defined as follows:

The reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity. Alternatively, the probable use of land or improved property-specific with respect to the user and timing of the use-that is adequately supported and results in the highest present value.<sup>4</sup>

The concept of highest and best use (HBU) is applicable to vacant land as well as improved property.

#### HIGHEST AND BEST USE AS IF VACANT

In determining the HBU of the site as though vacant, we have considered the defined criteria in formulating our opinion. According to the Village of Homewood, the subject site is zoned B-1 (CBD) Central Business District and within the Downtown Overlay District. The purpose of the B-1 district is to allow commercial uses that provide goods and services to the Village as a whole. The Downtown Overlay District supplements the B-1 zoning district and allows greater flexibility to promote a transit-oriented downtown by allowing increased densities, adjusted parking regulations and stricter design controls for new developments of appropriate scale in the Central Business District.

The subject site contains 61,379 square feet or 1.41 acres and is of sufficient size to accommodate a moderate scale development. Based on surrounding and existing uses, soils conditions appear favorable to support a commercial use development that takes into consideration, the subject's allowable densities. Such a use would be compatible with the surrounding neighborhood, and based on market conditions, represents the maximally productive use of the site. Therefore, the highest and best use as vacant would be for commercial development when financially feasible.

#### HIGHEST AND BEST USE AS IMPROVED

In determining the HBU of the subject property as presently improved, we have considered the defined criteria in formulating our opinion. The current building improvements represent an underutilization of the site. The improvements are presently vacant and reportedly exhibit levels of deferred maintenance. We have concluded the building improvements contribute no material value to the underlying site. In fact, the existing improvements represent a detriment to value when demolition costs are considered. We have concluded that the maximally productive use of the

<sup>&</sup>lt;sup>4</sup> The Dictionary of Real Estate Appraisal, Fifth Edition (Chicago: Appraisal Institute, 2010)

property as improved would be for demolition of the existing buildings and redevelopment when feasible.

# HIGHEST AND BEST USE CONCLUSION

We have considered the HBU of the subject from both perspectives. In the final analysis, we have concluded the HBU of the site is for redevelopment to commercial use when financially feasible.

## VALUATION METHODOLOGY

The three traditional valuation methodologies are the Cost Approach, the Sales Comparison Approach, and the Income Capitalization Approach. These methods are defined below.

Cost Approach A set of procedures through which a value indication is derived for the fee simple interest in a property by estimating the current cost to construct a reproduction of (or replacement for) the existing structure, including an entrepreneurial incentive, deducting depreciation from the total cost, and adding the estimated land value. Adjustments may then be made to the indicated fee simple value of the subject property to reflect the value of the property interest being appraised.<sup>5</sup>

*Sales Comparison Approach* The process of deriving a value indication for the subject property by comparing market information for similar properties with the property being appraised, identifying appropriate units of comparison, and making qualitative comparisons with or quantitative adjustments to the sale prices (or unit prices, as appropriate) of the comparable properties based on relevant, market-derived elements of comparison.<sup>6</sup>

*Income Capitalization Approach* A set of procedures through which an appraiser derives a value indication for an income-producing property by converting its anticipated benefits (cash flows and reversion) into property value. This conversion can be accomplished in two ways. One year's income expectancy can be capitalized at a market-derived capitalization rate or at a capitalization rate that reflects a specified income pattern, return on investment, and change in the value of the investment. Alternatively, the annual cash flows for the holding period and the reversion can be discounted at a specified yield rate.<sup>7</sup>

The method which best applies to a property depends on the nature of the property and whether or not it is improved. In the case of the subject property, all three approaches to value were considered. Recognizing the subject represents a re-development parcel, the Sales Comparison Approach to value was deemed most relevant and was relied upon exclusively.

#### LAND VALUATION

We have utilized the sales comparison approach method in estimating the value of the subject site as vacant. The principle of substitution represents the underlying rationale of the Sales Comparison Approach. This approach is generally considered a credible method for estimating the value of real property when the market is active and a significant number of recent sales exist. The most frequently employed unit of comparison for vacant land such as the subject property is the price paid per square foot.

We have researched recent land sale transactions in the subject market area and concluded the following sales to be most comparable to the subject property. A map and sale photographs are presented on the pages that follow the summary below.

COMPARABLE LAND SALE EXHIBITS

### COMPARABLE LAND SALE EXHIBITS

As displayed, there were a few sales involving parcels of land that we have considered in this analysis. The unadjusted unit prices displayed by the sales data ranges from \$5.16 to \$16.25 psf of site area, with a mean and median of \$8.58 psf and \$6.43 psf, respectively.

In analyzing the sale data, we have considered property rights transferred, financing terms, conditions (motivation) of sale, market conditions, location, physical characteristics, available utilities, and zoning.

Each sale involved the transfer of fee simple title, similar to the rights assumed for the subject site, and adjustments for this factor were not necessary. Each sale price is expressed in terms of cash or a cash equivalent and no further adjustments are required for financing terms. With regard to conditions of sale, the parties to each of the closed transaction were identified as acting in what they considered their best interest, with no party necessarily compelled to sell. Land Sale 1 is a current offering and was adjusted downward to reflect typical buyer/seller negotiations that occur. The sales occurred between June 2014 and June 2015. Market conditions have stabilized over the recent years and no adjustment for market conditions is warranted.

In terms of location, the subject property and each of the comparable sales are located in collar communities in the south Cook County. Furthermore, the subject is located in the downtown district in the Village of Homewood and four blocks from the Homewood Metra Train Station. Land Sale 1 is similar in being located in the downtown district of Flossmoor and Land Sale 4 is

located in the downtown district of Matteson. Both these sales are located proximate to their respective Metra Train Station and offer a highly similar locational appeal as the subject. Land Sale 6 is considered inferior to the subject's location with regards to demographics and home values and requires an upward adjustment.

The sales were adjusted for differences in site area size. Land Sales 1, 2 and 6 are smaller than the subject and a downward adjustment was required to reflect the economies of scale as compared with the subject site size. Conversely, Land Sale 3 is larger in site size and requires an upward adjustment.

Land Sales 1 and 4 offer an inferior traffic count as compared to the subject and required upward adjustments. Conversely, Land Sales 2, 3, 5 and 6 offer superior traffic counts and were adjusted downward. Each of the Land Sales are vacant lots with similar zoning and no adjustments were required for demolition or zoning. Land Sale 4 is a parking lot located across the street from the Metra Station with paid parking spaces and required a downward adjustment for other factors for superior economic characteristics.

The following grid provides insight relative to the magnitude of the adjustments employed in the analysis

	LAND SALE	ADJUSTN	1ENT GR	ID

We have considered the foregoing data as it represents the most comparable sales data in the market. Emphasis was placed on Land Sales 1 and 4 due to their highly similar location within their respective downtown districts, however Land Sale 1 is a current offering and one would expect a lower value per square foot after close due to typical negotiations. Based on the foregoing analysis, we have concluded that the market value as vacant of the fee simple estate as of the date of inspection is best reflected at approximately \$8.00 per square foot of site area.

ESTIMATED LAND VALUE - AS IF VACANT				
		Estimated		
Site Size		Value / SF		Land Value
61,379 SF	х	\$8.00	=	\$491,032
Rounded				\$490,000

Therefore, the estimated land value, as if vacant is calculated as follows.

In order to estimate the land value, as currently improved with the existing buildings, we need to consider demolition costs as well as a contingency factor. In estimating demolition costs for the subject improvements, we have relied upon Marshall Valuation Service (MVS) by Marshall & Swift, LP, which is commonly accepted as a reliable source for construction cost data within the real estate industry.

Per MVS building demolition costs Class C buildings such as the subject range from \$4.06 to \$6.05 per square foot of building area. It is the intention of current ownership to raze the buildings on the site, and the property representative reports they are currently working on taking demolition bids from outside contractors but no formal bid has been accepted. Without an actual demolition quote, it is difficult to develop a demolition estimate with a high level of confidence. We have therefore, estimated demolition costs at the low end of the MVS range together with a 10 percent contingency factor. We have therefore, estimated demolition costs at \$4.00 per square foot of GBA (12,000 sf).

Therefore, the estimated land value, as currently improved is calculated as follows:

ESTIMATED LAND VALUE - AS IMPROVED				
		Estimated		
Site Size		Value /SF		Land Value
61,379 SF	х	\$8.00	=	\$491,032
Less Demolition	Costs (\$4		(\$48,000)	
Less 10% Contin	ngency Fac		(\$4,800)

#### FINAL VALUE CONCLUSION

VALUATION SUMMARY				
Value Perspective:	As Is Market Value Fee Simple Estate			
Effective Date	January 2, 2016			
Land Value As Vacant	\$490,000			
Cost Approach	Not Applicable			
Sales Comparison Approach	\$440,000			
Income Capitalization Approach	Not Applicable			

We have conducted an appraisal of the subject property as outlined in the scope of engagement section of this report. The results of our valuation are summarized below.

The valuation method which best applies to a property depends on the nature of the property and whether or not it is improved. In the case of the subject property, all three methods of valuation were considered, although the cost and income capitalization approaches were not considered applicable based on the nature of the property.

In the Sales Comparison Approach, we considered a variety of sales that were considered sufficiently comparable to the subject property. The sales were useful in supporting an overall value conclusion for the subject property. We have emphasized the Sales Comparison Approach in the final analysis since this methodology directly reflects the interaction of buyers and sellers in the marketplace.

Based on our analysis, which is subject to the assumptions and limiting conditions contained herein, we estimate the **As Is Market Value** of the Fee Simple Estate in the subject property, as of January 2, 2016, to be:

Lender's Right to Enter. Lender and Lender's agents and representatives may enter upon the Real Property at all reasonable times to attend to Lender's interests and to inspect the Real Property for purposes of Grantor's compliance with the terms and conditions of this Mortgage.

**Compliance with Governmental Requirements.** Grantor shall promptly comply with all laws, ordinances, and regulations, now or hereafter in effect, of all governmental authorities applicable to the use or occupancy of the Property, including without limitation, the Americans With Disabilities Act. Grantor may contest in good faith any such law, ordinance, or regulation and withhold compliance during any proceeding, including appropriate appeals, so long as Grantor has notified Lender in writing prior to doing so and so long as, in Lender's sole opinion, Lender's interests in the Property are not jeopardized. Lender may require Grantor to post adequate security or a surety bond, reasonably satisfactory to Lender, to protect Lender's interest.

**Duty to Protect.** Grantor agrees neither to abandon or leave unattended the Property. Grantor shall do all other acts, in addition to those acts set forth above in this section, which from the character and use of the Property are reasonably necessary to protect and preserve the Property.

**DUE ON SALE - CONSENT BY LENDER.** Lender may, at Lender's option, declare immediately due and payable all sums secured by this Mortgage upon the sale or transfer, without Lender's prior written consent, of all or any part of the Real Property, or any interest in the Real Property. A "sale or transfer" means the conveyance of Real Property or any right, title or interest in the Real Property; whether legal, beneficial or equitable; whether voluntary or involuntary; whether by outright sale, deed, installment sale contract, land contract, contract for deed, leasehold interest with a term greater than three (3) years, lease-option contract, or by sale, assignment, or transfer of any beneficial interest in or to any land trust holding title to the Real Property, or by any other method of conveyance of an interest in the Real Property. If any Grantor is a corporation, partnership or limited liability company, transfer also includes any change in ownership of more than twenty-five percent (25%) of the voting stock, partnership interests or limited liability company interests, as the case may be, of such Grantor. However, this option shall not be exercised by Lender if such exercise is prohibited by federal law or by lilinois law.

TAXES AND LIENS. The following provisions relating to the taxes and liens on the Property are part of this Mortgage:

Payment. Grantor shall pay when due (and in all events prior to delinquency) all taxes, payroll taxes, special taxes, assessments, water charges and sewer service charges levied against or on account of the Property, and shall pay when due all claims for work done on or for services rendered or material furnished to the Property. Grantor shall maintain the Property free of any liens having priority over or equal to the interest of Lender under this Mortgage, except for those liens specifically agreed to in writing by Lender, and except for the lien of taxes and assessments not due as further specified in the Right to Contest paragraph.

Right to Contest. Grantor may withhold payment of any tax, assessment, or claim in connection with a good faith dispute over the obligation to pay, so long as Lender's interest in the Property is not jeopardized.

# MORTGAGE (Continued)

If a lien arises or is filed as a result of nonpayment, Grantor shall within fifteen (15) days after the lien arises or, if a lien is filed, within fifteen (15) days after Grantor has notice of the filing, secure the discharge of the lien, or if requested by Lender, deposit with Lender cash or a sufficient corporate surety bond or other security satisfactory to Lender in an amount sufficient to discharge the lien plus any costs and attorneys' fees, or other charges that could accrue as a result of a foreclosure or sale under the lien. In any contest, Grantor shall defend itself and Lender and shall satisfy any adverse judgment before enforcement against the Property. Grantor shall name Lender as an additional obligee under any surety bond furnished in the contest proceedings.

Evidence of Payment. Grantor shall upon demand furnish to Lender satisfactory evidence of payment of the taxes or assessments and shall authorize the appropriate governmental official to deliver to Lender at any time a written statement of the taxes and assessments against the Property.

**Notice** of **Construction**. Grantor shall notify Lender at least fifteen (15) days before any work is commenced, any services are furnished, or any materials are supplied to the Property, if any mechanic's lien, materialmen's lien, or other lien could be asserted on account of the work, services, or materials and the cost exceeds \$1,000.00. Grantor will upon request of Lender furnish to Lender advance assurances satisfactory to Lender that Grantor can and will pay the cost of such improvements.

**PROPERTY DAMAGE INSURANCE.** The following provisions relating to insuring the Property are a part of this Mortgage:

Maintenance of Insurance. Grantor shall procure and maintain policies of fire insurance with standard extended coverage endorsements on a replacement basis for the full insurable value covering all Improvements on the Real Property in an amount sufficient to avoid application of any coinsurance clause, and with a standard mortgagee clause in favor of Lender. Grantor shall also procure and maintain comprehensive general liability insurance in such coverage amounts as Lender may request with Lender being named as additional insureds in such liability insurance policies. Additionally, Grantor shall maintain such other insurance, including but not limited to hazard, business interruption and boiler insurance as Lender may require. Policies shall be written by such insurance companies and in such form as may be reasonably acceptable to Lender. Grantor shall deliver to Lender certificates of coverage from each insurer containing a stipulation that coverage will not be cancelled or diminished without a minimum of ten (10) days' prior written notice to Lender and not containing any disclaimer of the insurer's liability for failure to give such notice. Each insurance policy also shall include an endorsement providing that coverage in favor of Lender will not be impaired in any way by any act, omission or default of Grantor or any other person. Should the Real Property be located in an area designated by the Administrator of the Federal Emergency Management Agency as a special flood hazard area, Grantor agrees to obtain and maintain Federal Flood Insurance, if available, for the full unpaid principal balance of the loan and any prior liens on the property securing the loan, up to the maximum policy limits set under the National Flood Insurance Program, or as otherwise required by Lender, and to maintain such insurance for the term of the loan.

Application of Proceeds. Grantor shall promptly notify Lender of any loss or damage to the Property if the estimated cost of repair or replacement exceeds \$1,000.00. Lender may make proof of loss if Grantor fails to do so within fifteen (15) days of the casualty. Whether or not Lender's security is impaired, Lender may, at Lender's election, receive and retain the proceeds of any insurance and apply the proceeds to the reduction of the indebtedness, payment of any lien affecting the Property, or the restoration and repair of the Property. If Lender elects to apply the proceeds to restoration and repair, Grantor shall repair or replace the damaged or destroyed improvements in a manner satisfactory to Lender. Lender shall, upon satisfactory proof of such expenditure, pay or reimburse Grantor from the proceeds which have not been disbursed within 180 days after their receipt and which Lender has not committed to the repair or restoration of the Property shall be used first to pay any amount owing to Lender under this Mortgage, then to pay accrued interest, and the remainder, if any, shall be applied to the principal balance of the indebtedness. If Lender holds any proceeds after payment in full of the indebtedness, such proceeds shall be paid to Grantor as Grantor's interests may appear.

Grantor's Report on Insurance. Upon request of Lender, however not more than once a year, Grantor shall furnish to Lender a report on each existing policy of insurance showing: (1) the name of the insurer; (2) the risks insured; (3) the amount of the policy; (4) the property insured, the then current replacement value of such property, and the manner of determining that value; and (5) the expiration date of the policy. Grantor shall, upon request of Lender, have an independent appraiser satisfactory to Lender determine the cash value replacement cost of the Property.

TAX AND INSURANCE RESERVES. Grantor agrees to establish and maintain a reserve account to be retained from the initial proceeds of the loan evidenced by the Note in such amount deemed to be sufficient by Lender to (A) create an adequate cushion and (B) provide enough funds to be in a position to make timely payment of real estate taxes and insurance premiums as otherwise required herein. Grantor shall pay monthly, or at such other interval as payments under the Note may be due, an amount equivalent to 1/12th, or if payments are not monthly, such fraction as Lender will require consistent with applicable law, of the total annual payments Lender reasonably anticipates making from the reserve account to pay real estate taxes and premiums for insurance policies required to be maintained on the Real Properly, as estimated by Lender. If required by Lender, Grantor shall further pay at the same frequency into the reserve account a pro-rata share of all annual assessments and other charges which may accrue against the Real Property as required by Lender. If the amount so estimated and paid shall prove to be insufficient to pay such property taxes, insurance premiums, assessments and other charges, subject to the requirements of applicable law, Grantor shall pay the difference in one or more payments as Lender requires. All such payments shall be carried in an interest-free reserve account with Lender, provided that if this Mortgage is executed in connection with the granting of a mortgage on a single-family owner-occupied residential property, Grantor, in lieu of establishing such reserve account, may pledge an interest-bearing savings account with Lender to secure the payment of estimated real estate taxes, insurance premiums, assessments, and other charges. Lender shall have the right to draw upon the reserve (or pledge) account to pay such items, and Lender shall not be required to determine the validity or accuracy of any item before paying it. Nothing herein or in any of the Related Documents shall be construed as requiring Lender to advance other monies for such purposes, and Lender shall not incur any liability for anything it may do or omit to do with respect to the reserve account. If Lender discovers that the payments into the reserve account have produced a surplus beyond the annual amounts due to be paid from the reserve funds by more than the cushion permitted by applicable law, but a payment on the Note has not been received within 30 days of the payment due date, Lender may retain the excess funds. All amounts in the reserve account are hereby pledged to further secure the indebtedness, and Lender is hereby authorized to withdraw and apply such emounts on the indebledness upon the occurrence of an Event of Default as described below.

LENDER'S EXPENDITURES. If any action or proceeding is commenced that would materially affect Lender's interest in the Property or if Grantor fails to comply with any provision of this Mortgage or any Related Documents, including but not limited to Grantor's failure to discharge or pay when due any amounts Grantor is required to discharge or pay under this Mortgage or any Related Documents, Lender on Grantor's behalf may (but shall not be obligated to) take any action that Lender deems appropriate, including but not limited to discharging or paying all taxes, liens, security interests, encumbrances and other claims, at any time levied or placed on the Property and paying all costs for insuring, maintaining and preserving the Property. All such expenditures incurred or paid by Lender for such purposes will then bear interest at the rate charged under the Note from the date incurred or paid by Lender to the date of repayment by Grantor. All such expenses will become a part of the Indebtedness and, at Lender's option, will (A) be payable on demand; (B) be added to the balance of the Note and be apportioned among and be payable with any installment payments to become due during either (1) the term of any applicable insurance policy; or (2) the remaining term of the Note; or (C) bo treated as a balloon payment which will be due and payable at the Note's maturity. The Mortgage also will secure payment of these amounts. Such right shall be in addition to all other rights and remedies to which Lender may be entitled upon Default.

WARRANTY; DEFENSE OF TITLE. The following provisions relating to ownership of the Property are a part of this Mortgage:

Title. Grantor warrants that: (a) Grantor holds good and marketable title of record to the Property in fee simple, free and clear of all tiens and encumbrances other than those set forth in the Real Property

description or in any title insurance policy, title report, or final title opinion issued in favor of, and accepted by, Lender in connection with this Mortgage, and (b) Grantor has the full right, power, and authority to execute and deliver this Mortgage to Lender.

**Defense of Title.** Subject to the exception in the paragraph above, Grantor warrants and will forever defend the title to the Property against the lawful claims of all persons. In the event any action or proceeding is commenced that questions Grantor's title or the interest of Lender under this Mortgage, Grantor shall defend the action at Grantor's expense. Grantor may be the nominal party in such proceeding, but Lender shall be entitled to participate in the proceeding and to be represented in the proceeding by counsel of Lender's own choice, and Grantor will deliver, or cause to be delivered, to Lender such instruments as Lender may request from time to time to permit such participation.

**Compliance With Laws.** Grantor warrants that the Property and Grantor's use of the Property complies with all existing applicable laws, ordinances, and regulations of governmental authorities.

Survival of Representations and Warranties. All representations, warranties, and agreements made by Grantor in this Mortgage shall survive the execution and delivery of this Mortgage, shall be continuing in nature, and shall remain in full force and effect until such time as Borrower's Indebtedness shall be paid in full.

**CONDEMNATION.** The following provisions relating to condemnation proceedings are a part of this Mortgage:

**Proceedings.** If any proceeding in condemnation is filed, Grantor shall promptly notify Lender in writing, and Grantor shall promptly take such steps as may be necessary to defend the action and obtain the award. Grantor may be the nominal party in such proceeding, but Lender shall be entitled to participate in the proceeding and to be represented in the proceeding by counsel of its own choice, and Grantor will deliver or cause to be delivered to Lender such instruments and documentation as may be requested by Lender from time to time to permit such participation.

Application of Net Proceeds. If all or any part of the Property is condemned by eminent domain proceedings or by any proceeding or purchase in lieu of condemnation, Lender may at its election require that all or any portion of the net proceeds of the award be applied to the indebtedness or the repair or restoration of the Property. The net proceeds of the award shall mean the award after payment of all reasonable costs, expenses, and attorneys' fees incurred by Lender in connection with the condemnation.

**IMPOSITION OF TAXES, FEES AND CHARGES BY GOVERNMENTAL AUTHORITIES.** The following provisions relating to governmental taxes, fees and charges are a part of this Mortgage:

**Current Taxes, Fees and Charges.** Upon request by Lender, Grantor shall execute such documents in addition to this Mortgage and take whatever other action is requested by Lender to perfect and continue Lender's lien on the Real Property. Grantor shall reimburse Lender for all taxes, as described below, together with all expenses incurred in recording, perfecting or continuing this Mortgage, including without limitation all taxes, fees, documentary stamps, and other charges for recording or registering this Mortgage.

Taxes. The following shall constitute taxes to which this section applies: (1) a specific tax upon this type of Mortgage or upon all or any part of the Indebtedness secured by this Mortgage; (2) a specific tax on Borrower which Borrower is authorized or required to deduct from payments on the Indebtedness secured by this type of Mortgage; (3) a tax on this type of Mortgage chargeable against the Lender or the holder of the Note; and (4) a specific tax on all or any portion of the Indebtedness or on payments of principal and interest made by Borrower.

Subsequent Taxes. If any tax to which this section applies is enacted subsequent to the date of this Mortgage, this event shall have the same effect as an Event of Default, and Lender may exercise any or all of its available remedies for an Event of Default as provided below unless Grantor either (1) pays the tax before it becomes delinquent, or (2) contests the tax as provided above in the Taxes and Liens section and deposits with Lender cash or a sufficient corporate surety bond or other security satisfactory to Lender.

**SECURITY AGREEMENT; FINANCING STATEMENTS.** The following provisions relating to this Mortgage as a security agreement are a part of this Mortgage:

Security Agreement. This instrument shall constitute a Security Agreement to the extent any of the Property constitutes fixtures, and Lender shall have all of the rights of a secured party under the Uniform Commercial Code as amended from time to time.

Security Interest. Upon request by Lender, Grantor shall take whatever action is requested by Lender to perfect and continue Lender's security interest in the Rents and Personal Property. In addition to recording this Mortgage in the real property records, Lender may, at any time and without further authorization from Grantor, file executed counterparts, copies or reproductions of this Mortgage as a financing statement. Grantor shall reimburse Lender for all expenses incurred in perfecting or continuing this security interest. Upon default, Grantor shall not remove, sever or detach the Personal Property from the Property. Upon default, Grantor shall assemble any Personal Property not affixed to the Property in a manner and at a place reasonably convenient to Grantor and Lender and make it available to Lender within three (3) days after receipt of written demand from Lender to the extent permitted by applicable law.

Addresses. The mailing addresses of Grantor (debtor) and Lender (secured party) from which information concerning the security interest granted by this Mortgage may be obtained (each as required by the Uniform Commercial Code) are as stated on the first page of this Mortgage.

FURTHER ASSURANCES; ATTORNEY-IN-FACT. The following provisions relating to further assurances and attorney-in-fact are a part of this Mortgage:

Further Assurances. At any time, and from time to time, upon request of Lender, Grantor will make, execute and deliver, or will cause to be made, executed or delivered, to Lender or to Lender's designee, and when requested by Lender, cause to be filed, recorded, refiled, or rerecorded, as the case may be, at such times and in such offices and places as Lender may deem appropriate, any and all such mortgages, deeds of trust, security deeds, security agreements, financing statements, continuation statements, instruments of further assurance, certificates, and other documents as may, in the sole opinion of Lender, be necessary or desirable in order to effectuate, complete, perfect, continue, or preserve (1) Borrower's and Grantor's obligations under the Note, this Mortgage, and the Related Documents, and (2) the liens and security interests created by this Mortgage as first and prior liens on the Property, whether now owned or hereafter acquired by Grantor. Unless prohibited by law or Lender agrees to the contrary in writing, Grantor shall reimburse Lender for all costs and expenses incurred in connection with the matters referred to in this paragraph.

Attorney-in-Fact. If Grantor fails to do any of the things referred to in the preceding paragraph, Lender may do so for and in the name of Grantor and at Grantor's expense. For such purposes, Grantor hereby irrevocably appoints Lender as Grantor's attorney-in-fact for the purpose of making, executing, delivering, filing, recording, and doing all other things as may be necessary or desirable, in Lender's sole opinion, to accomplish the matters referred to in the preceding paragraph.

**FULL PERFORMANCE.** If Borrower and Grantor pay all the Indebtedness when due, and Grantor otherwise performs all the obligations imposed upon Grantor under this Mortgage, Lender shall execute and deliver to Grantor a suitable satisfaction of this Mortgage and suitable statements of termination of any financing statement on file evidencing Lender's security interest in the Rents and the Personal Property. Grantor will pay, if permitted by applicable law, any reasonable termination fee as determined by Lender from time to time.

**REINSTATEMENT OF SECURITY INTEREST.** If payment is made by Borrower, whether voluntarily or otherwise, or by guarantor or by any third party, on the Indebtedness and thereafter Lender is forced to remit the amount of that payment (A) to Borrower's trustee in bankruptcy or to any similar person under any federal or state bankruptcy law or law for the relief of debtors, (B) by reason of any judgment, decree or order of any court or administrative body having jurisdiction over Lender or any of Lender's property, or (C) by reason of any settlement or compromise of any claim made by Lender with any claimant (including without limitation Borrower), the Indebtedness shall be considered unpaid for the purpose of enforcement of this Mortgage shall continue to be effective or shall be reinstated, as the case may be,

# MORTGAGE (Continued)

notwithstanding any cancellation of this Mortgage or of any note or other instrument or agreement evidencing the Indebtedness and the Property will continue to secure the amount repaid or recovered to the same extent as if that amount never had been originally received by Lender, and Grantor shall be bound by any judgment, decree, order, settlement or compromise relating to the Indebtedness or to this Mortgage.

**EVENTS OF DEFAULT.** Each of the following, at Lender's option, shall constitute an Event of Default under this Mortgage:

Payment Default. Borrower fails to make any payment when due under the indebtedness.

Default on Other Payments. Failure of Grantor within the time required by this Mortgage to make any payment for taxes or insurance, or any other payment necessary to prevent filing of or to effect discharge of any lien.

Other Defaults. Borrower or Grantor fails to comply with or to perform any other term, obligation, covenant or condition contained in this Mortgage or in any of the Related Documents or to comply with or to perform any term, obligation, covenant or condition contained in any other agreement between Lender and Borrower or Grantor.

Default in Favor of Third Parties. Should Borrower or any Grantor default under any loan, extension of credit, security agreement, purchase or sales agreement, or any other agreement, in favor of any other creditor or person that may materially affect any of Borrower's or any Grantor's property or Borrower's ability to repay the Indebtedness or Borrower's or Grantor's ability to perform their respective obligations under this Mortgage or any of the Related Documents.

False Statements. Any warranty, representation or statement made or furnished to Lender by Borrower or Grantor or on Borrower's or Grantor's behalf under this Mortgage or the Related Documents is false or misleading in any material respect, either now or at the time made or furnished or becomes false or misleading at any time thereafter.

Defective Collateralization. This Mortgage or any of the Related Documents ceases to be in full force and effect (including failure of any collateral document to create a valid and perfected security interest or lien) at any time and for any reason.

**Death or insolvency.** The dissolution of Grantor's (regardless of whether election to continue is made), any member withdraws from the limited liability company, or any other termination of Borrower's or Grantor's existence as a going business or the death of any member, the insolvency of Borrower or Grantor, the appointment of a receiver for any part of Borrower's or Grantor's property, any assignment for the benefit of creditors, any type of creditor workout, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against Borrower or Grantor.

**Creditor or Forfeiture Proceedings.** Commencement of foreclosure or forfeiture proceedings, whether by judicial proceeding, self-heip, repossession or any other method, by any creditor of Borrower or Grantor or by any governmental agency against any property securing the Indebtedness. This includes a garnishment of any of Borrower's or Grantor's accounts, including deposit accounts, with Lender. However, this Event of Default shall not apply if there is a good faith dispute by Borrower or Grantor as to the validity or reasonableness of the claim which is the basis of the creditor or forfeiture proceeding and if Borrower or Grantor or Grantor gives Lender written notice of the creditor or forfeiture proceeding and deposits with Lender monies or a surety bond for the creditor or forfeiture proceeding, in an amount determined by Lender, in its sole discretion, as being an adequate reserve or bond for the dispute.

Breach of Other Agreement. Any breach by Borrower or Grantor under the terms of any other agreement between Borrower or Grantor and Lender that is not remedied within any grace period provided therein, including without limitation any agreement concerning any indebtedness or other obligation of Borrower or Grantor to Lender, whether existing now or later.

Events Affecting Guarantor. Any of the preceding events occurs with respect to any guarantor, endorser, surety, or accommodation party of any of the Indebtedness or any guarantor, endorser, surety, or

accommodation party dies or becomes incompetent, or revokes or disputes the validity of, or liability under, any Guaranty of the indebtedness.

Adverse Change. A material adverse change occurs in Grantor's financial condition, or Lender believes the prospect of payment or performance of the Indebtedness is impaired.

insecurity. Lender in good faith believes itself insecure.

Right to Cure. If any default, other than a default in payment, is curable and if Grantor has not been given a notice of a breach of the same provision of this Mortgage within the preceding twelve (12) months, it may be cured if Grantor, after Lender sends written notice to Borrower demanding cure of such default: (1) cures the default within fifteen (15) days; or (2) if the cure requires more than fifteen (15) days, immediately initiates steps which Lender deems in Lender's sole discretion to be sufficient to cure the default and thereafter continues and completes all reasonable and necessary steps sufficient to produce compliance as soon as reasonably practical.

**RIGHTS AND REMEDIES ON DEFAULT.** Upon the occurrence of an Event of Default and at any time thereafter, Lender, at Lender's option, may exercise any one or more of the following rights and remedies, in addition to any other rights or remedies provided by law:

Accelerate Indebtedness. Lender shall have the right at its option without notice to Borrower or Grantor to declare the entire Indebtedness immediately due and payable, including any prepayment penalty that Borrower would be required to pay.

UCC Remedies. With respect to all or any part of the Personal Property, Lender shall have all the rights and remedies of a secured party under the Uniform Commercial Code.

**Collect Rents.** Lender shall have the right, without notice to Borrower or Grantor, to take possession of the Property and collect the Rents, including amounts past due and unpaid, and apply the net proceeds, over and above Lender's costs, against the Indebtedness. In furtherance of this right, Lender may require any tenant or other user of the Property to make payments of rent or use fees directly to Lender. If the Rents are collected by Lender, then Grantor irrevocably designates Lender as Grantor's attorney-in-fact to endorse instruments received in payment thereof in the name of Grantor and to negotiate the same and collect the proceeds. Payments by tenants or other users to Lender in response to Lender's demand shall satisfy the obligations for which the payments are made, whether or not any proper grounds for the demand existed. Lender may exercise its rights under this subparagraph either in person, by agent, or through a receiver.

Mortgagee in Possession. Lender shall have the right to be placed as mortgagee in possession or to have a receiver appointed to take possession of all or any part of the Property, with the power to protect and preserve the Property, to operate the Property preceding foreclosure or sale, and to collect the Rents from the Property and apply the proceeds, over and above the cost of the receivership, against the indebtedness. The mortgagee in possession or receiver may serve without bond if permitted by law. Lender's right to the appointment of a receiver shall exist whether or not the apparent value of the Property exceeds the indebtedness by a substantial amount. Employment by Lender shall not disqualify a person from serving as a receiver.

Judicial Foreclosure. Lender may obtain a judicial decree foreclosing Grantor's interest in all or any part of the Property.

**Deficiency Judgment.** If permitted by applicable law, Lender may obtain a judgment for any deficiency remaining in the indebtedness due to Lender after application of all amounts received from the exercise of the rights provided in this section.

Other Remedies. Lender shall have all other rights and remedies provided in this Mortgage or the Note or available at law or in equity.

Sale of the Property. To the extent permitted by applicable law, Borrower and Grantor hereby waive any and all right to have the Property marshalled. In exercising its rights and remedies, Lender shall be free to sell all or any part of the Property together or separately, in one sale or by separate sales. Lender shall be

entitled to bid at any public sale on all or any portion of the Property.

Notice of Sale. Lender shall give Grantor reasonable notice of the time and place of any public sale of the Personal Property or of the time after which any private sale or other intended disposition of the Personal Property is to be made. Reasonable notice shall mean notice given at least ten (10) days before the time of the sale or disposition. Any sale of the Personal Property may be made in conjunction with any sale of the Real Property.

Election of Remedies. Election by Lender to pursue any remedy shall not exclude pursuit of any other remedy, and an election to make expenditures or to take action to perform an obligation of Grantor under this Mortgage, after Grantor's failure to perform, shall not affect Lender's right to declare a default and exercise its remedies. Nothing under this Mortgage or otherwise shall be construed so as to limit or restrict the rights and remedies available to Lender following an Event of Default, or in any way to limit or restrict the rights and ability of Lender to proceed directly against Grantor and/or Borrower and/or against any other co-maker, guarantor, surety or endorser and/or to proceed against any other collateral directly or indirectly securing the Indebtedness.

Attorneys' Fees; Expenses. If Lender institutes any suit or action to enforce any of the terms of this Mortgage, Lender shall be entitled to recover such sum as the court may adjudge reasonable as attorneys' fees at trial and upon any appeal. Whether or not any court action is involved, and to the extent not prohibited by law, all reasonable expenses Lender incurs that in Lender's opinion are necessary at any time for the protection of its interest or the enforcement of its rights shall become a part of the Indebtedness payable on demand and shall bear interest at the Note rate from the date of the expenditure until repaid. Expenses covered by this paragraph include, without limitation, however subject to any limits under applicable law, Lender's attorneys' faes and Lender's legal expenses, whether or not there is a lawsuit, including attorneys' fees and expenses for bankruptcy proceedings (including efforts to modify or vacate any automatic stay or injunction), appeals, and any anticipated post-judgment collection services, the cost of searching records, obtaining title reports (including foreclosure reports), surveyors' reports, and appraisal fees and title insurance, to the extent permitted by applicable law. Grantor elso will pay any court costs, in addition to all other sums provided by law.

**NOTICES.** Any notice required to be given under this Mortgage, including without limitation any notice of default and any notice of sale shall be given in writing, and shall be effective when actually delivered, when actually received by telefacsimile (unless otherwise required by law), when deposited with a nationally recognized overnight courier, or, if mailed, when deposited in the United States mail, as first class, certified or registered mail postage prepaid, directed to the addresses shown near the beginning of this Mortgage. All copies of foreclosure from the holder of any lien which has priority over this Mortgage shall be sent to Lender's address, as shown near the beginning of this Mortgage. Any party may change its address for notices under this Mortgage by giving format written notice to the other parties, specifying that the purpose of the notice is to change the party's address. For notice purposes, Grantor agrees to keep Lender informed at all times of Grantor's current address. Unless otherwise provided or required by law, if there is more than one Grantor, any notice given by Lender to any Grantor is deemed to be notice given to alt Grantors.

MISCELLANEOUS PROVISIONS. The following miscellaneous provisions are a part of this Mortgage:

Amendments. This Mortgage, together with any Related Documents, constitutes the entire understanding and agreement of the parties as to the matters set forth in this Mortgage. No alteration of or amendment to this Mortgage shall be effective unless given in writing and signed by the party or parties sought to be charged or bound by the alteration or amendment.

Annual Reports. If the Property is used for purposes other than Grantor's residence, Grantor shall furnish to Lender, upon request, a certified statement of net operating income received from the Property during Grantor's previous fiscal year in such form and detail as Lender shall require. "Net operating income" shall mean all cash receipts from the Property less all cash expenditures made in connection with the operation of the Property.

Caption Headings. Caption headings in this Mortgage are for convenience purposes only and are not to be

used to interpret or define the provisions of this Mortgage.

Governing Law. This Mortgage will be governed by federal law applicable to Lender and, to the extent not preempted by federal law, the laws of the State of Illinois without regard to its conflicts of law provisions. This Mortgage has been accepted by Lender in the State of Illinois.

Joint and Several Liability. All obligations of Borrower and Grantor under this Mortgage shall be joint and several, and all references to Grantor shall mean each and every Grantor, and all references to Borrower shall mean each and every Borrower. This means that each Grantor signing below is responsible for all obligations in this Mortgage. Where any one or more of the parties is a corporation, partnership, limited liability company or similar entity, it is not necessary for Lender to inquire into the powers of any of the officers, directors, partners, members, or other agents acting or purporting to act on the entity's behalf, and any obligations made or created in reliance upon the professed exercise of such powers shall be guaranteed under this Mortgage.

No Waiver by Lender. Lender shall not be deemed to have waived any rights under this Mortgage unless such waiver is given in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver by Lender of a provision of this Mortgage shall not prejudice or constitute a waiver of Lender's right otherwise to demand strict compliance with that provision or any other provision of this Mortgage. No prior waiver by Lender, nor any course of dealing between Lender and Grantor, shall constitute a waiver of any of Lender's rights or of any of Grantor's obligations as to any future transactions. Whenever the consent of Lender is required under this Mortgage, the granting of such consent by Lender in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of Lender.

Severability. If a court of competent jurisdiction finds any provision of this Mortgage to be illegal, invalid, or unenforceable as to any circumstance, that finding shall not make the offending provision illegal, invalid, or unenforceable as to any other circumstance. If feasible, the offending provision shall be considered modified so that it becomes legal, valid and enforceable. If the offending provision cannot be so modified, it shall be considered deleted from this Mortgage. Unless otherwise required by law, the illegality, invalidity, or unenforceability of any provision of this Mortgage shall not affect the legality, validity or enforceability of any other provision of this Mortgage.

Merger. There shall be no merger of the interest or estate created by this Mortgage with any other interest or estate in the Property at any time held by or for the benefit of Lender in any capacity, without the written consent of Lender.

Successors and Assigns. Subject to any limitations stated in this Mortgage on transfer of Grantor's interest, this Mortgage shall be binding upon and inure to the benefit of the parties, their successors and assigns. If ownership of the Property becomes vested in a person other than Grantor, Lender, without notice to Grantor, may deal with Grantor's successors with reference to this Mortgage and the Indebtedness by way of forbearance or extension without releasing Grantor from the obligations of this Mortgage or liability under the Indebtedness.

Date of Note: September 22, 2014

PROMISE TO PAY. Heroic investors LLC, Brien P. Wiech and Ramona M. Navitaky ("Borrower") jointly and severally promise to pay to BARRINGTON BANK & TRUST COMPANY, N.A. ("Lender"), or order, in lawful money of the United States of America, the principal amount of Three Hundred Thousami & 00/100 Dollars (\$300,000.00), together with interest on the unpold principal balance from September 22, 2014, until paid in full.

PAT

PAYMENT. Subject to any payment changes resulting from changes in the index, Borrower will pay this loan in accordance with the following payment schedule, which calculates interest on the unpaid principal balances as described in the "INTEREST CALCULATION METHOD" paragraph using the interest rates described in this paragraph: 47 monthly consecutive interest payments, beginning October 22, 2014, with Interest calculated on the unpaid principal balances using an interest rate based on the Walt Street Journal Prime Rate (currently 3.250%), plus a margin of 1.000 percentage points, adjusted if necessary for the minimum and maximum rate limitations for this loan, resulting in an initial Interest rate of 4.600%; 35 monthly consecutive principal payments of \$8,333.33 each, beginning October 22, 2015, during which interest continues to accrue on the unpaid principal belances using an interest rate based on the Wall Street Journal Prime Rate (currently 3.250%), plus a margin of 1.000 percentage points, adjusted if necessary for the minimum and maximum rate limitations for this loan, resulting in an initial Interest rate of 4.500%; and one principal and interest payment of \$8,365.74 on September 22, 2018, with Interest calculated on the unpaid principal balances using an interest rate based on the Wall Street Journal Primo Rate (currently 3.258%), plus a margin of 1.000 percentage points, adjusted if necessary for the minimum and maximum rate limitations for this loan, resulting in an initial interest rate of 4.500%. This estimated final payment is based on the assumption that all payments will be made exactly as scheduled and that the index does not change; the actual final payment will be for all principal and accrued interest not yet paid, together with any other unpaid amounts under this Note. Notwithstanding the foregoing, the rate of interest accrual described for the principal only payment stream applies only to the extent that no other interest rate for any other payment stream applies. Unless otherwise agreed or required by applicable law, payments will be applied first to any accrued unpaid interest; then to principal; than to any escrew or reserve account payments as required under any mortgage, deed of trust, or other security instrument or security agreement securing this Note; then to any late charges; and then to any unpeld collection costs. Borrower will pay Lender at Lender's address shown above or at such other place as Lunder may designate in writing.

VARIABLE INTEREST RATE. The interest rate on this Note is subject to change from time to time based on changes in an independent index which is the Wall Street Journal Prime Rate (the "index"). The index is not necessarily the lowest rate charged by Lander on its loans. If the index becomes unavailable during the term of this loan, Ender may designet a substitute index after notifying Borrowor. Lender will tell Borrower the current index rate upon Borrower's request. The interest rate change will not occur more often then each day. Borrower understands that Lender may make loans based on other rates as well. The index currently is 3.250% per annum. The interest rate or rates to be applied to the unpaid principal balance during this Note will be the rate or rates set forth herein in the "Payment" sector. Notwithstanding any other provision of this Note, after the first payment stream, the interest rate for each subsequent payment stream will be effective as of the due date of the last payment in the just ending payment stream. NOTICE: Under no circumstances will the interest rate on this Note be less than 4.500% per annum or more than the maximum rate allowed by applicable law. Whenever increases occur in the interest rate, Lender, at its option, may do one or more of the following: (A) increase Borrower's payments to ensure Borrower's loan will pay off by its original final maturity date, (B) Increase Borrower's payments to cover accruing Interest, (C) increase the number of Borrower's payments, and (D) continue Borrower's payments at the same arrow and increase Borrower's final payment.

INTEREST CALCULATION METHOD. Interest on this Note is computed on a 305/360 basis; that is, by applying the ratio of the interest rate over a year of 360 days, multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under this Note is computed using this method.

PREPAYMENT; MINIMUM INTEREST CHARGE. In any event, even upon full prepayment of this Note, Borrower understands that Londer is entitled to a minimum interest charge of \$250.00. Other than Borrower's obligation to pay any minimum interest charge, Borrower may pay without penalty all or a portion of the amount owod earlier than it is due. Early payments will not, unless agreed to by Lender In writing, relieve Borrower of Sorrower's obligation to continue to make payments under the payment schedule. Rather, early payments will roduce the principal balance due and may result in Borrower's making fewer payments. Borrower agrees not to send Lender payments marked "paid in full". "without recourse", or similar language. If Borrower sends such a payment, Lender may accept it without losing any of Lender's nghts under this Note, and Borrower will remain obligated to pay any further amount owed to Lender. All written communications concerning disputed amounts, including any check or other payment that indicates that the payment constitutes "payment in full" of the amount owed or that is tendered with other conditions or limitations or as full satisfaction of a disputed amount must be melled or delivered to: BARRINGTON BANK & TRUST COMPANY, N.A.; 201 S. HOUGH \$TREET; BARRINGTON, IL 60010.

LATE CHARGE. If a payment is 15 days or more late, Borrower will be charged 5.000% of the unpaid portion of the regularly scheduled payment.

INTEREST AFTER DEFAULT. Upon default, including failure to pay upon final maturity, the interest rate on this Note shall be increased by adding an additional 3.000 percentage point mergin ("Default Rate Margin"). The Default Rate Margin shall also apply to each succeeding interest rate change that would have applied had there been no default. #### Data of Note: July 22, 2018

PROMISE TO PAY. Heroic investors LLC, Ramona M. Navitsky and Brien P. Wioch ("Borrower") jointly and severally premise to pay to Barrington Bank and Trust Company, N.A. ("Lender"), or order, in lawful money of the United States of America, the principal amount of Three Hundred Thousand & 00/100 Dollars (\$300,000.00), together with interest on the unpaid principal balance from Juty 22, 2018, until paid in full.

PAYMENT. Subject to any payment changes resulting from changes in the Index, Borrower will pay this ioan in 11 principal payments of \$2,500.00 each and one final principal and interest payment of \$273,862.50. Borrower's first principal payment is due August 22, 2018, and all subsequent principal payments are due on the same day of each month after that. In addition, Borrower will pay regular monthly payments of all accrued unpaid interest due as of each payment date, beginning August 22, 2018, with all subsequent interest payments to be due on the same day of each month after that. Borrower's first principal and all accrued interest not yet paid. Unless otherwise agreed or required by applicable law, payments will be applied first to any accrued unpaid interest; then to principal; then to any escrew or reserve account payments as required under any mortgage, deed of trust, or other security instrument or security agreement above or at such other place as Lender may designate in writing.

VARIABLE INTEREST RATE. The interest rate on this Note is subject to change from time to time based on changes in an independent index which is the Prime Rate as published in the Moncy Rates section of The Wall Struct Journal (the "Index"). The index is not necessarily the lowest rate charged by Lender on its loans. If the index becomes unavailable during the term of this loan, Lender may designate a substitute index ofter notifying Borrower. Lender will tell Borrower the current index rate upon Borrower's request. The interest rate change will not occur more often linan each day. Borrower understands that Lender may make loans based on other rates as well. Interest on the unpaid principal balance of this Note will be colculated as described in the "INTEREST CALCULATION METHOD" paragraph using a rate of 1.000 percentage point over the Index, rounded to the rearest 0.001 percent. NOTICE: Under no circumstances will the interest rate on this Note be more than the maximum rate allowed by applicable law.

INTEREST CALCULATION METHOD. Interest on this Note is computed on a 365/360 basis; that is, by applying the ratio of the interest rate over a year of 360 days, multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under this Note is computed using this method.

PREPAYMENT. Borrower may pay without penalty all or a portion of the amount owed earlier than it is due. Early payments will not, unless agreed to by Lender in writing, relieve Borrower of Borrower's obligation to continue to make payments under the payment schedule. Rather, oarly payments will reduce the principal balance due and may result in Borrower's making fewer payments. Borrower agrees not to send Lender payments marked "paid in full", "without recourse", or similar language. If Borrower sends such a payment, Lender may accept it without losing any of Lender's rights under this Note, and Borrower will remain obligated to pay any further amount owed to Lender. All written communications concerning disputed amounts, including any check or other payment instrument that indicates that the payment constitutes "payment in full" of the amount owed or that is tendered with other conditions or limitations or a disputed amount must be mailed or delivered to: Barrington Bark and Trust Company, N.A., 201 S. Hough Street Barrington, IL 60010.

LATE CHARGE. If a payment is 10 days or more late, Borrower will be charged \$.000% of the unpaid portion of the regularly scheduled payment.

INTEREST AFTER DEFAULT. Upon default, including failure to pay upon final maturity, the interest rate on this Notu shall be increased by arkling on additional 6,000 percentage point margin ("Default Rate Margin"). The Default Rate Margin shall also apply to each succeeding interest rate change that would have applied had there been no default. However, in no event will the interest rate exceed the maximum interest rate limitations under applicable (ew.
